Wiggle Worm Soil Builder™ Earthworm Castings are an excellent all natural plant food that comes to you directly from Mother Nature in their purest form. For millions of years the incredible earthworm has been one of nature's greatest producers of readily available plant food. When used in greater concentrations than found in nature, this non-burning, long lasting organic fertilizer can provide remarkable benefits.

DIRECTIONS:

Vegetables and Annual Flowers
Line bottom and sides of plant holes and seed furrows with 1˝-2˝ of Wiggle Worm Soil Builder™ Earthworm castings. Set seeds or plants in place and cover with soil. Side dress during growing season at a rate of ½ cup per plant or 1 cup per linear foot in a row once every 2 months.
Transplant: Place ½ handful into hole. Add plant and fill hole with soil.
Established: Use 10-20lbs per 1,000 sq. ft. Sprinkle on soil near plant and water.

Potted Plants, Window Boxes or Hanging Baskets
New: For potting mix use 1 part Wiggle Worm Soil Builder™ Earthworm Castings to 4 parts soil.
Established: Add 1" of Wiggle Worm Soil Builder™ Earthworm Castings to top of soil. Mix in taking care not to damage shallow roots – water– repeat every 2-3 months. See below if applying as a tea mixture.

Perennials
Work ½ cup Wiggle Worm Soil Builder™ Earthworm Castings into the soil above their root zone taking care not to damage shallow roots. Apply in spring, early summer and early fall. See below if applying as a tea mixture.

Roses, Trees, Shrubs and Berries
New: Mix 1 part Wiggle Worm Soil Builder™ Earthworm Castings to 3 parts soil. Surround newly dug hole with mixture.
Established: Use 2 lb. per inch of tree trunk diameter. Spread evenly over tree root area and water. See below if applying as a tea mixture.

Lawns
New: Apply 20-30lbs. per 1000 sq. ft. Work lightly into the topsoil. Mix in grass seed and water thoroughly.
Established: Distribute 15-20 lbs. per 1000 sq. ft. as a top dressing. Add 2-3 times a year.

Worm Casting Tea
Soak 1 part castings in 3 parts water for 12-24 hours. Stir well and water as usual. Casting tea is excellent for fruiting, flowering or difficult to access potted plants. Aerate if possible. Best when used within 24 hours.

Compost Piles
Spread a thin layer of Wiggle Worm Soil Builder™ Earthworm Castings between each new layer of material to be composted.

STORE IN DRY PLACE. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rains are expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.

Guarantee: Unco Industries guarantees your satisfaction unconditionally. If for any reason you are not completely satisfied with the results provided by Wiggle Worm Soil Builder, just write us a short note as to why and send it along with the remaining unused product, your full name and address, name and location of store purchased, proof of purchase label from bag and dated cash register receipt. Send to: Unco Industries , 1577 11th Avenue, Union Grove, WI 53182. Important: Failure to enclose all of the above items will result in denial of your request. Limit 2 proofs of purchase to any individual, family or address. Void where prohibited or restricted by law. Allow 6-8 weeks delivery.
