PRODUCT GUIDE

**POWERFUL AG SOLUTIONS –
UNIQUELY TAILORED TO YOU**

You're not a number. You're an individual with specific needs and challenges. Challenges that come with the territory of being a family-owned business. Challenges that keep you working round the clock to protect your investments.

We're Sipcam Agro USA – a family-owned operation of nearly 75 years – and we understand the hard work and passion it takes to keep a business not only running but thriving. We believe that to provide the best solutions for our clients, we first need to have a vested interest in understanding their processes. That's why we make it our mission to know our customers, delve into their unique needs and provide customized solutions.

With a range of products that's constantly being refined to meet the needs of the modern grower, Sipcam is here to offer simple, sustainable options along with expertise that comes from our years in the field. From fungicides and herbicides to value-added solutions like biostimulants and plant nutrients, we provide the means to help you grow your business and expand your legacy.

Explore our comprehensive solutions and discover how Sipcam can work for your business. Because with Sipcam, you're not just getting a product. You're getting true partnership that continues long after the season ends.

REAL PEOPLE. REAL SOLUTIONS.

PRODUCT SHOWCASE

POTENTE®

AN INNOVATIVE SOLUTION FOR ADVANCED PLANT HEALTH

Give your crops a quick boost of energy when they need it most. Potente® is a 100% natural amino acid product that has been shown to visibly impact crop health. This unique solution optimizes efficiency of nutrient uptake for plant nutrition and plant protection treatments while supporting stress tolerance and chlorophyll production. The result: higher yields and greater quality.

Naturally improve crop health

- » Supports optimum plant metabolism
- » Greening effect with visible impact on plant health
- » Promotes faster vegetative and root development
- » Higher chlorophyll production for more intense coloring
- » Supports efficiency of some pesticides, especially those that are systemic
- » Exceptional tank mixability with fungicides, insecticides, etc.

PRODUCT LISTING

BACCARAT

Liquid Organic Matter Soil Amendment

AI CONCENTRATED HUMIC SUBSTANCES

Formulation: Concentrated Suspension

Package size: 2 x 2.5-gal. case, 260-gal. tote

- » Highest load of beneficial organic acids per gallon, enhancing soil and plant productivity
- » Timed release delivery of humic acids
- » Supports plant growth and shoot growth
- » High performance with low dosage
- » Low pH formulation allows tank-mix capabilities with fertilizers and pesticides

COCOON

Sunscreen for Crops

AI WATER-WASHED KAOLIN

Formulation: Fine Spray-Dried Powder

Package size: 25-lb. bag

- » Exceptional-grade active ingredient forms a bright white reflective barrier
- » Reduces heat stress and sun damage by depositing a protective barrier on crops
- » Designed for application prior to high temperatures
- » Easy-to-use, non-abrasive formula can be mixed with a surfactant for optimum coverage and adhesion
- » Fits both conventional and organic production, OMRI® Listed

LIQUID K-EXPRESS

Readily Available Potassium

AI POTASSIUM CARBONATE

Formulation: Soluble Concentrate

Package size: 2 x 2.5-gal. case, 260-gal. tote

- » Highly available potassium nutrient
- » Accelerates maturity process
- » Regulates many plant functions including cell wall thickness and water concentration
- » Improves fruit size and development
- » Enhances sugar concentration

NUTEX

EDA

Crop Nutrition Catalyst — Soil & Foliar

AI CHELATED ZINC

Formulation: Concentrated Liquid

Package size: 2 x 2.5-gal. case, 275-gal. tote

- » Supports plant development
- » Key to plant enzymatic processes
- » Excellent tank-mix partner with soil and foliar nutritional and plant protection products
- » Results in better crop quality and yield

POTENTE

Fast-Acting Crop Energy — Soil & Foliar

AI VEGETABLE-DERIVED AMINO ACIDS

Formulation: Soluble Concentrate

Package size: 2 x 2.5-gal. case, 260-gal. tote

- » Contains 7% nitrogen derived from vegetal source
- » Does not contain excess nitrogen like competitive amino acid products in the market
- » 100% L-isomer formulation — readily available
- » Versatile application opportunities and tank-mix compatibility
- » Supports optimum crop quality and vitality

REVERB

Crop Nutrition Catalyst — Soil

AI CHELATED MANGANESE

Formulation: Concentrated Liquid

Package size: 2 x 2.5-gal. case, 275-gal. tote

- » Supports nutrient use efficiency and availability in soil applications
- » Reduces the potential for tie-ups in the soil
- » Excellent tank-mix partner with fertilizers and pesticides
- » Low use rate formulation
- » Excellent ROI

REACH NEW HEIGHTS OF CROP HEALTH

Caring for crops requires more than just eliminating disease, pests and weeds. That's why Sipcam offers a variety of value-added solutions to help you achieve next-level crop care. These innovative products use naturally derived substances to provide additional nourishment for crops, stimulate better nutrient uptake, and improve plant resilience for all-around healthier crops and a more successful yield.

While relatively new to the U.S. market, our value-added solutions have been used successfully in Europe for nearly two decades to give crops the winning edge. In fact, we are the market leader in Europe for value-added nutritionals and have been for 15 years.

With Sipcam as your partner, you have access to the right crop protection and value-added solutions to make sure you finish the season strong.

To reach your local Sipcam Agro USA representative, call 877-898-9514. And for product information, labels and Safety Data Sheets (SDS) for the products in this catalog, visit sipcamagrousa.com.

We're here for you, with the answers and solutions you need to grow your yields and your business.

LET'S GROW TOGETHER.
