

NON GMO DECLARATION

FOR PRODUCTS SUPPLIED BY ED&F MAN

To whom it may concern,

ED&F Man is aware of commercially grown sugar cane crops of GMO origin (genetically modified organisms), however products derived from these crops are not sourced by ED&F Man for import into the United States, Canada, the EU, or Asia. As a result, unless otherwise specifically stated in sales contracts, we can confirm that the below listed products sold by ED&F Man meet the following declarations:

Cane Molasses
High Test Molasses
Organic cane molasses

- Are not, and do not contain or consist of GMO.
- Are not produced from GMO or do not contain ingredients, additives, flavors or any other substances produced from GMO.

For your assurance, ED&F Man has tested purchased bulk material for the presence of genetically modified proteins via Quatro Multiplex Realtime Polymerase Chain Reaction (PCR) by independent external accredited laboratories. To date, no analyses have come back positive.
