May 11, 2023

Dear Earthwise Organics:

This letter is written to provide you with the assurance that the product sold to Earthwise Organics is a blend of only heavy brix cane molasses and water. The water is added to the molasses to standardize it to a 79.5 brix basis so it can be more easily handled throughout the year.

Thank you for your use of our products.

Sincerely,
Westway Feed Products LLC

Paul Mostyn
